FAIRFAX IS DEAD
Fairfax, the pedigree bird dog of Councilman Charles B. Davis, is dead. Several days ago he got hold of some foreign substance, believed to have been pounded glass, and all that medical aid could do failed. He was a favorite among the children of his neighborhood, was as gentle as a lamb, and will be missed by almost everyone in the Fifth Ward.

BRITISH LINE HOLDS
HUNS HAVE ONLY BIG LIST OF CASUALTIES TO SHOW FOR ATTACK
Powerful Attacks by Enemy Against French and British Positions Between Metz and Zillebeke Are Completely Repulsed, Field Marshal Haig Reports—German Losses Are Heavy.
With the British Army in France, April 29—This has been one of the bitterest days of fighting that the Flanders battleground has seen since the present offensive began. Since early morning Von Arnim has been flinging great numbers of German troops against the Allied lines between Zillebeke and Hallen, with the hills east of Monte Kemmel as his ultimate objective.
At the same time a secondary thrust has been made at the Belgians in the region of the Yser, north of Ypres.
When the correspondent left the battle front shortly after one o'clock in the afternoon, the German commander had nothing to show for his pretentious drive, but a long list of dead and wounded.
Along the major portion of the front his troops have been held, and where they have succeeded by superior weight of numbers in pushing forward they were soon ejected by counter drives. The Allied line was intact throughout at that hour.
Terrific Onslaught of Enemy Troops Falls to Throw Back Allied Line.
London, April 29—Powerful attacks by the Germans against the French and British positions between Metz and Zillebeke today were repulsed, the Germans losing heavily, according to the report from Field Marshal Haig tonight.
The British line held absolutely, but at various points, the Germans gained a foothold in the French positions, only to be driven out later from the greater part of this territory.
The Belgians also repulsed heavy attacks inflicting severe casualties on the enemy.
The statement says:
"Following a bombardment of great intensity, the French and British positions from the neighborhood of Metz to Zillebeke lake, were violently attacked this morning by large hostile forces.
"Attacks were made also upon the Belgian positions north of Ypres, and fighting of great severity developed rapidly on the whole Allied front.
"The 25th, 49th and 21st British divisions completely repulsed every attempt made by the enemy to enter their positions and, despite a constant succession of determined attacks in great strength, maintained their line intact.
"The enemy losses have been very heavy.
"The French positions on the hills about Scherpenberg and Monte Rouge also were heavily attacked and the enemy repulsed. At points where the enemy's infantry succeeded in penetrating a short distance into the French positions, they were immediately driven out by counter attacks from the greater part of the ground of which they had temporarily gained possession.
"On the Belgian front, the attacks also were repulsed after sharp fighting, in which severe casualties were inflicted on the enemy.
"The fighting still continues at certain points along the Allied battle fronts.
"On the remainder of the British front, there is nothing to report be-

yond the usual artillery activity on both sides. The weather prevented air operations Sunday."
Yanks are Baked With Shrapnel Fire While Passing on Way to Front Lines
With the American Army in Northern France, April 28—American troops have taken up positions on the French battle front. Under the French high command, in which all ranks have supreme confidence, the American forces face the enemy on the line between the Germans from Paris and Amiens, where they have been a certain number of days.
The Americans on entering the line found their position in a rolling terrain. The artillery was the first on the line, entering on a dark night which was made red by the continuous flashes of friendly and hostile guns. Under a fire which in some cases was rather heavy, the American gunners took up the positions of the French batteries and completed the work of digging in.
When the infantry moved in, the firing was just as intense. In some places our troops after passing through villages, were raked now and then with shrapnel. In several instances they found the trenches shallow while in other cases there were no trenches at all. By this time the positions have been improved greatly and the shell holes connected.
The American lines generally are about 100 to 400 yards apart and the high ground is above evenly divided. What the future holds for the Americans is, of course, unknown, but the Americans are confident that under the efficient French directions, although the tasks ahead may be difficult, will give a good account of themselves and strike the Boche a blow if the opportunity offers.

GRAND ENCAMPMENT, I.O.O.F.
Meeting of This State Grand Body to Be Held Here on Wednesday, May 5.
It has been said, and truly so, that at the meetings of the grand bodies of the various orders, secret or political, throughout the state, that when the call is made for nominations for the next meeting place the cry goes up, "Let's go to Maysville." The inference being that for real downright hospitality, the "seven acre city" cannot be surpassed anywhere in Kentucky, or any place else, as far as that is concerned.
When this city was chosen as the meeting place for the Grand Encampment of Kentucky Oddfellows for this year there was expressed by all representatives present that they were heartily glad and that they would be here.
This branch of Oddfellows will hold its annual meeting this year in Pisgah Encampment No. 90 Hall on Second street, on Wednesday, May 5, and will be attended by about 100 representatives from all parts of the state.
The preliminary session will be held on Tuesday night, May 14, at which the Royal Purple Degree will be conferred by the Newport Encampment team.
At 9:30 Wednesday morning the Encampment meeting will be called to order by Grand Patriarch James Childs of this city and the regular business will be transacted. At 12 o'clock a banquet will be tendered the Grand Encampment at the Central Hotel.
Now let our citizens show her guests from all parts of the state what a splendid city we have nestled here among the beautiful hills and in a most fertile valley, fringed by the majestic Ohio by giving it a thorough cleaning. The city authorities will do their part and let the citizens see that it is kept that way.

GALLIVAN-LYNCH
Miss Mae Lynch, the daughter of Mr. and Mrs. M. J. Lynch of West Second street was united in marriage to Mr. Joseph D. Gallivan of Kansas City this morning at 8 o'clock at St. Patrick's Church by Father Curry of Georgetown, Ky.
The bride was becomingly dressed in a navy blue tailored suit and wore a corsage bouquet of pink roses. The attendants were Miss Ethel Marie Lynch, sister of the bride and Mr. George Frye of this city. After the ceremony a delightful wedding breakfast was served at the home of the bride.
Mr. and Mrs. Gallivan will leave this afternoon on C. & O. train for Cincinnati and St. Louis, after which they will go to Kansas City, Mo., where they will make their home. The groom is Assistant Credit man for a large Kansas City concern, and is regarded highly in business circles.
The out-of-town visitors were Mrs. J. D. Gallivan, mother of the groom and a sister, Mrs. William Rhodes of Kansas City, Mr. and Mrs. J. C. Cadden, Mr. and Mrs. George Hickey of Georgetown, Mr. and Mrs. Frank Lynch of Cincinnati and Mrs. William Kranz of Covington.

The John Dere Corn Drill

This is a new and up to date drill with double disc openers. It is equipped with the deer edge-selection drop and has new tip-over hopper, exactly like the New Dere Corn Planter. The seed plates are driven by a set of strong bevel gears and pinions.
There are three rows of teeth on the drive wheel, giving three drilling distances for each seed plate. The drive wheel is built with an improved form of traction lug, lugs being extended on each side of rim of wheel, so as to secure a good grip on the ground and at the same time be self-cleaning.
Disc openers are shaped with a double curve so as to offer the least resistance in opening a furrow. They are provided with ample bearings, which are readily oiled.
Polished steel coupler covers are used. These are provided with a number of holes to secure the desired slant to cover properly under varying conditions.
An adjustable gauge or pressure wheel with concave rim can be furnished on special order at additional price.
The seeding mechanism is thrown in and out of gear by means of a hand-tappet on right handle-grip.

HOME RULE, OR HUN RULE?

Lloyd George, arguing for Home Rule for Ireland, told the House of Commons that the measure would produce "something like contentment in Ireland and good will in America." There is no doubt that the Home Rule cause has had its staunchest support from this side of the ocean; and that, but for the generous contributions of Americans, Home Rule would long ago have become a mere dream. Certain it is that, without the aid of American dollars, the Home Rulers could never have elected and maintained their representatives at Westminster, without whom no Home Rule bill would ever have been given more than desultory attention in Parliament. Consequently, Lloyd George is justified in thinking that Home Rule will foster good will for England in the United States. But Americans, though, they look upon Home Rule as a right and not as a privilege, will view with mixed emotions the attitude of those Home Rulers in Ireland who are resisting the conscription act at the very moment when they are demanding the Home Rule bill. Ireland under Home Rule will have a higher duty to the Empire than any which she has had since the Act of Union was passed. If Ireland is to be self-governing, she must take on new responsibility without sloughing off any of the old ones. And one of the old duties and one of the new duties is to provide men for the army which is fighting to secure a result without which Home Rule will mean absolutely nothing.

It is difficult for Americans to understand the argument that conscription in Great Britain should not apply to Ireland. Of course, there is the ready recital of Ireland's wrongs which will be made in reply—but surely that is not the present question. If Germany wins this war, Ireland will not have home rule or anything like it; while the Parliament which proposes to make conscription apply to Ireland offers at the same time a measure of self-government which will undoubtedly be extended in its terms as Ireland demonstrates its capacity for its use. One might as well say that conscription in the United States should not apply to Alaska or Porto Rico as to say that conscription in Great Britain shall be made exclusive of Ireland.

SUGAR

For Canning and Preserving Will Be Furnished But Consumer Must Sign Pledge That It Will Be Used For That Purpose Only.

County Food Administrator W. D. Cochran is in receipt of the following bulletin from State Food Administrator Sackett:

Under the due execution of the certificate below permission may be given to any person in your county to buy at one time not to exceed twenty-five (25) pounds of sugar for canning and preserving purposes. You should instruct all merchants of your county that under no circumstances must sugar be sold in larger quantities than five pounds to city and ten pounds to country customers without the execution of this certificate. Any violation of this rule, or failure to have a certificate in writing for each sale made for canning and preserving purposes will be cause for denying such merchant permission for the sale of sugar in any quantity.

The certificate should be carefully preserved by the merchant selling the sugar, who should make a record in a book of the date, name of purchaser and amount purchased, and at the end of each week the certificate should be mailed to the County Food Administrator. Any person improperly using a certificate to obtain sugar will be denied the right to make any further purchases of that commodity.

U. S. Food Administration Sugar Pledge For Home Canning and Preserving

Maysville, Ky., 1918.
Desiring to purchase sugar for immediate canning and preserving purposes, I hereby pledge myself to use such sugar exclusively for such purposes and under no circumstances to sell or loan the same. Permission is sought to buy _____ pounds.
From _____ at _____
(Name of dealer) (Address)
Signature of purchaser
I hereby certify that the above amount of sugar was this day sold by me for use by the above purchaser for preserving and canning purposes only and I further certify that I have reason to believe that such sugar will not be used otherwise than in accordance with the regulations of the U. S. Food Administration.

(Signature of Retailer)

(Address of Retailer)

Under no circumstances must more than twenty-five pounds of sugar be sold on this certificate or to any customer at any one time. No retailer shall sell to the same customer on additional certificates until he has satisfied himself that the permission obtained in previous certificates has not been abused.

This certificate will not be furnished by the Food Administration, but must be furnished by the dealers. No form other than that above will be permitted.

F. M. SACKETT.

The Voice of Lincoln

"We accepted this war for a worthy object, and the war will end when that object is attained. Under God, I hope it will end until that time."

Fifty-four years ago when many people were asking, as some are asking to-day, what was the use of the war, Abraham Lincoln replied in the above stirring words.

The voice of Lincoln can be heard in America today. His appeal is for us to keep up the struggle until the object of the war is obtained and the world is made safe for democracy.

Every person in this country has a distinct share to do and YOUR share is to buy LIBERTY BONDS to provide the United States Government with the necessary money for carrying on the war to a successful end.

The more Bonds you buy, the quicker will the war end and the more American soldiers will return home safe and sound.

These American soldiers are risking their lives, but the buyer of LIBERTY BONDS does not even risk his money. When you buy a LIBERTY BOND, in addition to the satisfaction of performing your patriotic duty, you get the best investment in the world—a United States Government Bond, guaranteed by the richest nation in the world.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial. J. 71

WHAT'S THE REASON?

Many Maysville People in Poor Health Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Maysville.

Mrs. W. A. Schatzmann, 605 East Second Street, says: "From the benefit I have received from Doan's Kidney Pills, which I buy at Chandler's Drug Store, I have every reason to recommend them. Whenever my kidneys have been irregular in action or I have suffered from weakness and lameness in the small of my back, I have used Doan's Kidney Pills. They have always proven sufficient to quickly cure and attack."

Mrs. Schatzmann is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Schatzmann uses—the remedy backed by home testimony, 60c all stores. CAST BREAD ON WATER!

TO UNDAUNTED FIGHTER

In other days, between us two, it may have been the thing to do to cast bread on the waters. But now the rule is obsolete for we've a need for all our wheat to feed our sons and daughters. We can't afford to waste a bit by going out and casting it on river, lake or ocean. We're told that we must economize and make ourselves econonize with patriots' devotion. The biggest armies we can raise will struggle in a hopeless maze if we neglect their feeding; we can't expect that they can fight unless we run the food game right and give them all they're needing. And in this thing we're not alone, for we must feed, besides our own, the folks of other nations. We've got to fix it so our crop will bring this cruel war to stop—so make your preparations. We've got to have enough to spare so

we can send an ample share to Europe's starving millions. We've got to crush the ruthless huns by feeding those behind the guns, both soldiers and civilians. This task we'll never put across unless we cut the daily loss that comes from over using. We must cut down the use of wheat and go a trifle slow on meat, from our own choice and choosing. To do all this and do it right let's get a lot of the saving. Let's work and grow the garden stuff to give us solid food enough to satisfy our craving. Get out and use your hoe and plow; dig up your lot and do it now; use all your brawn and muscle. Get out and make an early start, for that's the way to do your part. So just get out and hustle. Write the National War Garden Commission, Washington, D. C., for its complete manual on home gardening. It's free for 2-cent stamp for postage.

WOMAN ARMY TO SAVE POTATOES

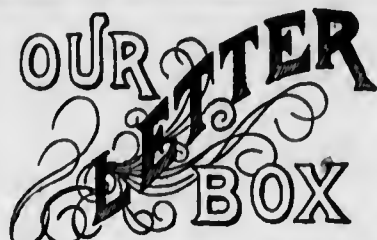

Thirty million bushels of potatoes, the estimated surplus of last year's crop, must be eaten before July 1 or they will rot. Potatoes are a cheap food now in most places. At 2 cents a pound they are equal in food value to bread at 8 cents a loaf. Every potato eaten saves wheat.

Fifteen hundred home-demonstration agents of the United States Department of Agriculture and the State agricultural colleges started out this week to carry the message of "Eat More Potatoes" to every American woman, rural and urban, who can be reached.

They are saying that if potato consumption is not increased markedly, within the next few weeks, millions of bushels will rot, the wheat-saving effort will not be wholly successful, and farmers may not plant enough potatoes this year.

This nation-wide effort is the opening phase in a whirlwind drive to awaken the country to the necessity of saving the surplus potato crop. At it means also a saving of wheat, the combined forces of the Food Administration and the United States Department of Agriculture have undertaken jointly to urge these important campaigns.

DANGER FORECAST BY COAL MEN—SHORTAGE OF COAL THREATENS MOST SERIOUS SITUATION IN THE COUNTRY'S HISTORY

Washington, April 28—An appeal to "whoever is running the war" for a rearrangement of traffic schedules which will permit mines to operate full time was made by the National Coal Association today in a statement which conditions, a more serious coal shortage next winter than was experienced last season.

Ohio coal producers, with a full-time output of 60,000 tons annually, wired association headquarters there this message:

"Tens of thousands of tons of coal are lost daily by lack of transportation facilities. This coal is demanded by domestic consumers, public utilities and industrial plants who desire to accumulate a reasonable surplus. The coal thus lost cannot be made up later in the season. A full ear supply from now until next spring will no more than fill the demand."

The National Coal Association in its statement declares that "the enormous demands of other war industries are crowding coal off the rails and the resultant continued shortage of cars at the mines has cut production to the danger point: This is the season of the year when the mines should be working at top speed for storage against fall and winter. The mines, however, are not working at top speed nor at a rate even approaching top speed. In the face of the heaviest demand for coal in the country's history by insufficient car supply that they have made little, if any, headway over last year's record—a record which fell 50,000,000 tons short of meeting the nation's demands."

HELP IN HISTORY'S MAKING

Far too many of us fall fully to appreciate the momentous times in which we may play in them. The eras in world history which equal this have been few and far between. None has ever been fraught with greater possibilities of humanity, for democracy, for liberty. None has meant more to the future of the entire world.

Most of the highest ideals of civilization, ideals toward which the more enlightened peoples have been struggling for centuries, are threatened. Most of the dearest dreams of democracy, the fondest hopes of freedom, will be utterly shattered if Prussianism triumphs and attain its ambition of ruling the world. Progress, as we have been taught to know it, will be stopped.

Kultur, which is pointed to with reverence in Germany and with fear and horror in Belgium, Serbia, Roumania, Russia and Flanders, will replace them all. And God keep back the day of KULTUR.

On the swaying front lines of the German advance in northern France thousands of American soldiers are offering their lives for the common cause of world democracy. Many are losing them. They are doing their part. Making the supreme sacrifice.

For us at home, on whom equal responsibility rests, there is but one course left. If we can not, will not go to the front, we must send our dollars. We must fight the only way we can. We must buy Liberty Bonds.

Have you bought yours?

Lack of originality in some persons' conversation displays their good judgment.

2,000,000 MEN LOST BY GERMANY IN WAR

Amsterdam—Germany's losses thus far in the war have been 2,000,000 men, according to a statement credited by the Frankfurter Zeitung as having been made by General Schulze before the main committee of the German Reichstag.

Sick and wounded men to the number of 750,000 had been able to return to the front, according to General Schulze, while 629,000 had been discharged as unfit for service, including 70,000 cripples. Up to date, the General added, Germany had to reckon with about 98,000 cripples.

WAR SAVINGS STAMPS DURING LIBERTY LOAN CAMPAIGN

UNITED STATES OF AMERICA
NATIONAL WAR SAVINGS COMMITTEE
APPROVED BY HON. W. W. WADSWORTH
SECRETARY OF THE TREASURY
April 6, 1918

To Members War Savings Organization
State of Kentucky:

In view of the opening of the Third Liberty Loan campaign today, I deem it advisable to explain to all War Savings workers in our territory the relationship that it seems to me should be maintained between us and the Liberty Loan campaign.

In the first place, there should be no slowing down whatever in the work of the War Savings Committees. Generally speaking, I can see no reason why the two campaigns should conflict in any way. Primarily, our efforts are being put forth to enlist as investors in Government securities tens of millions of people in the United States who cannot afford to buy Liberty Bonds, and it necessarily follows that as to these people our efforts should not be lessened for a single day. We expect to sell large amounts of War Savings Stamps to people who also are subscribers to Liberty Bonds, and who desire to assist the Government by purchasing every form of obligation issued by it, at least during the period of the war. The fundamental principle back of the War Savings campaign is to teach the lesson of Thrift and Saving, and obviously this can best be accomplished by the constant and regular purchase of Thrift Stamps and War Savings Bonds. The combined efforts of all workers for War Savings and Liberty Bonds should and will produce a fervor of enthusiasm and patriotism that will make it comparatively easy to sell vast numbers of War Savings Stamps without interfering with the sale of Liberty Bonds.

During the Victory Loan in England in 1917, the sales of War Savings Certificates were enormously increased, and to the English War Savings Societies was given the credit for putting the loan up to the thousand million sterling mark.

Yours very truly,
James A. Brown
State Director for Kentucky

MASON EXCEEDS QUOTA

Monday's Subscription to Liberty Loan Brings Total to \$115,750.

Mason county with five working days remaining has more than subscribed her quota of Liberty Bonds. At the opening of business Monday morning we were \$18,000 short at the goal—\$443,400—during the day sixty patriotic citizens purchased \$20,450 worth of bonds, which not only made up the shortage but gave a surplus of \$2,350. The number of subscribers to date totals 990. Every effort will be made by those in charge of the campaign to bring the total up to such an amount that all may know just where Mason county stands in this, the world's greatest crisis. The government needs your help now and it is your duty—if you have the means to buy Liberty Bonds—to lend your money to the United States Government—DO IT TODAY.

MISS LENA HORNBACK WEDS

Miss Lena Hornback, the attractive daughter of Mr. and Mrs. John Hornback was united in marriage to Mr. Jack Snyder, former baseball player of this city last evening at 9 o'clock at the home of her sister, Mrs. Claude McNutt of Cincinnati, Ohio. Miss Hornback is one of the best liked young ladies in Maysville and was employed in the L. M. Cavendish Five and Ten Cent Store for the past two years, where she was noted for her beauty, tact and good business qualities. Mr. Snyder, who is well known in this city is now engaged in clerical work for the government at Pittsburgh, where he and his bride will make their future home.

JUDGE L. P. FRYER ON BENCH

Owing to the fact that Judge Newell is related to one of the parties in the suit of Thomas vs. Newell, which was called in the Mason Circuit Court yesterday Judge L. P. Fryer, of Pendleton county, who was named by Governor Stanley as presiding, Messrs. Worthington, Cochran and Browning of this city and J. P. McCartney of Flemingsburg, represent the plaintiff and Allan D. Cole the defendant.

Mr. Thomas L. Ewan of Limestone street will leave this afternoon for Columbus, Ohio, where he is called to look after his business interests.

WAR GARDEN ADVISORS

Held Interesting Meeting Last Night Many Reports of Splendid Gardens are Made—Prizes For April Could Not Be Awarded.

The Ward War Garden Advisors held their regular weekly meeting at the Chamber of Commerce last evening and discussed the various problems confronting the war gardeners in their respective wards.

We understand the city of Maysville stands a very good chance of being outclassed in the raising of food-stuffs by the county neighbors in Oklahoma, Clinton and Eastland. The report says that that section of the county is almost a solid garden. Such prominent business men as J. T. Kackley and L. H. Young are planting quite a large tract in Eastland.

Mr. Ben Cole says that everybody is quite busy in the First Ward and the daylight saving plan is of great benefit to the gardeners.

Mr. Frank Clarke reports that Judge Cochran is maintaining his usual reputation of having one of the best kept gardens in the Second Ward. He also feels that special mention is due Mr. E. P. Lee and City Treasurer Andrew M. January for the splendid efforts they are putting forth.

Rev. W. H. Campbell is sure that Dr. John W. Cartmell will be found in the front ranks when honorable mention is awarded the gardeners. He believes that Mr. James Greenlee has most everything there is to be raised planted in his garden.

Mr. W. O. Outten says that Tace Willett of Plum street is doing his best to assist Uncle Sam in winning the war by planting one of the biggest gardens in the Fourth Ward. Miss Florence Wilson is deserving much credit for the splendid effort she is making to have a fine garden. He says that this is the first time in his recollection that the north side of Hill's Hill has been plowed and a garden planted.

Mr. J. B. Orr reports that only one family in the Fifth Ward will not have a War Garden and they give the satisfactory excuse that they can't find the ground upon which to raise one. This surely speaks well for the residents of that ward and we doubt if many such situations will be found in this country. Col. Sidney Keith has

earned for himself the reputation of being the tireless worker of the Fifth Ward. Mr. Orr says that many gardens are being planted and will be planted on the river bank this season.

Mr. William Groppenbacher is going to give all of our gardeners a race for the honors, says Mr. Ed Parker of the Sixth Ward. R. M. Wallingford is also planting a fine garden between Carmel street and Dieterich Lane.

Looking over the situation as I have been, and watching the interest that is being taken by the citizens of Mason county, I believe that we will give the other counties of the state a race for first honors in the raising of War Gardens, says C. P. Dieterich, City Advisor of War Gardeners. He believes that while much work has been done by most of the citizens in the planting of war gardens, it is impossible to award the intended prize for the best war garden in the city for the month of April on account of the immature growth of the vegetables up to the present time.

Everybody should do their utmost to win the cash prize and merit of honor for the month of May, for the best war garden in the city of Maysville.

MASON COUNTY BOY WOUNDED

According to a telegram received here yesterday afternoon by Mr. H. T. Holander of Murphysville, his son, Everett C. Bolander, a private in the Marine Corps, was wounded only slightly on April 13. The message did not state the nature of his wounds. He is a volunteer.

The many friends in this city of Mr. and Mrs. Wallace Reese will very much regret to learn that they will shortly take up their residence in Winchester where Mr. Reese has made arrangements to enter business. Mr. Reese has for several years been associated with Mr. Thomas H. Gray in the tobacco business and is regarded very highly in business circles.

The many friends of Miss Rosine Dickman will be glad to hear that she is gradually improving from a severe case of tonsillitis. Dr. John Harbourn is substituting in the History Department in her absence.

Mr. Charles Field Griffin of Mamaroneck, N. Y., grandson of Mrs. Jane Plister of West Third street is now on high seas in a Red Cross Unit bound for France.

Mr. Harry Rogers returned to his home at Frankfort, after a pleasant visit at the home of Mrs. Cren Slack, of the county.

PRESIDENT WILSON IS A LOYAL SUPPORTER OF THE CHAUTAUQUA MOVEMENT

Recently President Montaville Flowers of the International Lyceum and Chautauqua association received the following endorsement from President Wilson:

My dear Mr. Flowers:

It has been on my mind for some time to thank your organization for the very real help it has given to America in the struggle that is concerned with every fundamental element of national life. Your speakers, going from community to community meeting people in the friendly spirit engendered by years of intimate and understanding contact, have been effective messengers for the delivery and interpretation of democracy's meaning and imperative needs. The work that the Chautauqua is doing has not lost importance because of war, but rather has gained new opportunities for service.

Let me express the hope that you will let no discouragement weaken your activities and that the people will not fail in the support of a patriotic institution that may be said to be an integral part of the national defense.

Cordially and sincerely yours,
(Signed) WOODROW WILSON.
The "Old" Albert Chautauquus of Cleveland who will furnish the talent for our Chautauqua June 29 to July 5, assures us that the program they are arranging will be one of the best they have ever presented and will be of great help to the government in presenting the war.

Leonard Refrigerators

Take This Opportunity to Learn All About Refrigerators

Come and let us tell you all the advantages of the famous Leonard Cleanable.

The four points on which every refrigerator should be judged.

1. The refrigerator must be designed so there will be proper circulation of air.

2. It must have a lining that is clean and sanitary—one that is easy to keep clean.

3. The insulation must be as nearly perfect as possible. This means the inside must be protected from the outside temperature like a thermos bottle.

4. The workmanship and material must be the very best possible.

Leonard Refrigerator has many porcelain linings, the scientific construction for air circulation; the air tight locks, making the doors practically self-closing; the carefully constructed leak proof drainage system. Your dealer will tell you in greater detail what we are describing here. He will be glad to explain every point to you.
